Here's Help Welcomes State Representative Ashley Gantt and State Senator Shevrin Jones

We were honored to host **State Representative Ashley Gantt** and **State Senator Shevrin Jones** for a tour of our program, followed by a delicious lunch prepared by our culinary class. The visit concluded with a check presentation representing **\$250,000 in funding** for Residential Treatment—an appropriation they proudly sponsored during the past legislative session. We are grateful for their continued support of Here's Help and all they do for our community.

## Client Success Story

Nineteen-year-old Bryan was referred to Here's Help by drug court after struggling with opioid use disorder (OUD). Initially resistant to treatment, he gradually engaged in recovery through individualized therapy. With support from staff and his drug court case manager, he made significant progress and then served as a **"buddy"** to new admissions into the residential program. **Bryan successfully graduated residential treatment.** Currently, he is attending outpatient services and has enrolled in the **Youth Automotive Training Center (YATC)** through a referral from Here's Help. His journey reflects resilience, growth, and the impact of compassionate, comprehensive care.
